Full particulars, a valuable sample, which will do to commence work on, and a copy of The People's Literary Companion—one of the largest and best family newspapers published—all sent free by mail.—

THE Trustees of this Institution take pleasure in announcing to the patrons of the School and all others who may be interested, that they have succeeded in retaining as members of the Faculty all who were employed last session.

It is believed that no teachers have ever labored in Fayetteville with more success, or succeeded in giving more general satisfaction.

The government is of the most wholesome character—as mild as possible consistent with firmness. There are few men in the State who have had better opportunities to learn how to govern a school as well as how to impart instruction, than the Principal; having been from early youth, either as pupil or teacher, associated with the best teachers in the State.

ALL the other members of the Faculty are, and have been for many years, well and favorably known in this community. They are earnest and laborious teachers, and deserve the most eminent success. WE earnestly ask the people of the county, and particularly of this immediate vicinity, to patronize our school, at least while it offers so many advantages, and let the divisions, by which we have been so much crippled, be tan-
